EDUCATION SECRETARIAT

Sanctions the opening of a Government High School for Boys at Molakalmuru, during the year 1948-49.

READ—

Correspondence ending with letter No. H. 5-9276-534—47-48, dated 5th August 1948, from the Director of Public Instruction, regarding the opening of a Government High School for boys at Molakalmuru in Chitaldrug District, during the year 1948-49.

ORDER No. E. 8177-9—EDN. 44-47-71, DATED BANGALORE, THE 9TH FEBRUARY 1949.

The Director of Public Instruction requests sanction for the opening of a High School at Molakalmuru with the scales of expenditure detailed in the statement appended.

2. It is reported that a sum of Rs. 3,000 required for initial equipment of the school has been deposited and the school is proposed to be located in the Town Hall till a new building is constructed. The Secretary of the High School Committee, Molakalmuru, states that a sum of Rs. 7,000 is collected towards the building fund and that the balance of Rs. 53,000 required for the building would be collected.

3. Sanction is accorded to the opening of the school on condition that the Municipal Council and the local people will collect enough funds for the construction of the building before the end of March 1949. The cost required during the current year will be met out of the lumpsum provision of Rs. 50,000 made in the budget for opening of new high schools, and necessary provision will be made in the budgets of the succeeding years.

4. The revised scale of pay sanctioned in Government Order No. Fl. 4081-4161—S. & A. 14-48-7, dated 4th November 1948, to Head Masters of High Schools *viz.*, Rs. 200—20—300, will be adopted with effect from 1st October 1948.

A. C. NIRVANI GOWDA, *Edn., Secy.*

Sanctions the formation of 81 Primary and Secondary Health Units with provision for opening the Malaria Investigation Centre at Saklespur and provision for Antihookworm Campaign in the three Malnad Districts of Shimoga, Hassan and Chickmagalur.

READ—

U.O. Note No. C. 127-43—48-49, dated 23rd September 1948, from the Director of Public Health, submitting proposals for the formation of 135 Health Units in the three Malnad Districts of Shimoga, Chickmagalur and Hassan.

ORDER No. M. 12981-92—P.H. 167-46-12, DATED BANGALORE, THE 2ND FEBRUARY 1949.

The Government have recognised the urgent necessity of undertaking further measures of medical relief and the improvement of the Public Health of the Malnad districts, and it is with this object in view that the number of Medical Institutions in these districts have been increased as far as possible in the past. The decline of population has, however, not been arrested, and Malaria continues to be the one predominant adverse factor, while Hookworm is another disease

endemic in several areas in the Malnad. The Committee constituted for the improvement of the Malnad suggested among other measures the further development of medical relief in these areas and the appointment of women doctors in each taluk and also the organisation of Health Units in these areas. For the success of the Malnad Development Plan the Committee considers that as advocated by the Bhore Committee for Health Survey and Development, "the Doctor should be a social physician protecting the people and guiding them to a healthier and happier life and should place the prevention of disease in the forefront of his programme and should so combine the remedial and preventive measures as to confer the maximum benefit on the community, and the doctors in the Primary Units should combine curative and preventive health duties" and that remedial and preventive health work should be developed on "a unified basis" so as to provide integrated institutional and domiciliary service to the people.

With this object in view the question of organising Health Units in the Malnad parts was discussed with the Director of Public Health and he was requested to put up proposals for the formation of Primary and Secondary Units in the three Malnad districts. He has now put up proposals (1) for the opening of 135 units, (2) establishment of Malaria Research Centre at Saklespur and (3) for appointment of necessary staff for anti-hookworm work, at a total cost of Rs. 27,58,958. He has proposed the starting during the current year of 81 Primary Centres and 16 Secondary Centres with a Malaria Research Centre at Saklespur, at a total cost of Rs. 18,48,821. Deducting the cost of existing 28 Health Units and 53 Dispensaries now working in the Malnad districts which are to be transferred to the Health Department for the formation of Health Units, the next extra cost is estimated at Rs. 13,74,687.

The scheme now put forward after detailed discussion is considered to be the most desirable and necessary measure for improving the Malnad parts from the health point of view.

In view, however, of the large financial implications, Government are pleased to sanction the scheme of opening only the 81 Primary Units and 16 Secondary Health Units with provision for opening the Malaria Investigation Centre at Saklespur and provision for Anti-hookworm Campaign. The statement showing the staff and establishment and other items of recurring and non-recurring expenditure required for the purpose, and a list showing the places where the Secondary and Primary Centres are to be established are annexed to this Order. A sum of 12 lakhs of rupees has been allotted for this purpose in the current year's budget. The scheme is expected to be most productive from the point of view of the health of the people.

The Director of Public Health is requested to take immediate action to give effect to the scheme herein sanctioned in consultation with the Senior Surgeon who will transfer the dispensaries in the area to the control of the Public Health Department.

SAFI DARASHAH,
Secretary to Government,
Public Health, Food and Civil Supplies Departments.

ANNEXURE.

Financial Statement for starting 81 Primary Health Units and 16 Secondary Health Units in Malnad Districts.

	Units	Average cost Rs.	Per annum. Rs.
Primary Centre.—			
1	One Assistant Medical Officer of Health on Rs. 100–5–175–10–225 F.T.A. 30	192½	2,310
